# Need to Knows

## TEAM PLACEMENT

---

Designer Athletics follows the rules and guidelines set by the USASF.

Our team selection process is very specific and each member is thoughtfully placed in order for teams to be successful in each division. Teams are determined based on an athlete's difficulty level and execution of competitive score sheet elements: **performance, stunting, pyramids, jumps, and dance**. We also greatly consider age, athletic mentality, dedication, attitude and work ethic when placing teams.

## TEAM PRACTICES

---

We firmly believe the only way for teams to be successful in this industry, today, is for them to be able to compete at the highest difficulty level while also being able to execute the difficulty to perfection. It is important that athletes are practicing our core values of **Discipline** and **Integrity** by demonstrating timeliness, selflessness and respectful attitudes towards coaches and teammates at each practice.

**All of our teams will practice twice a week** throughout the season for two or two and a half hours, depending on the team and practice day. Additionally, one of those days will include an hour-long tumble block. Athletes will be expected to show up on time with the correct practice wear and makeup, purchased in their "Custom Couture Kit."

**All team practices are mandatory.** During the competition season, teams will have extra practices scheduled at the coach's discretion, however their regular practice times will remain consistent through and only changed under special circumstances.

## TRAVEL & COMPETITIONS

---

All transportation and accommodations are solely the responsibility of each family.

**Competitions are mandatory for all athletes!**

Our competition schedule will be released closer to tryouts and will vary by team. Most of our teams will attend competitions within driving distance, however our elite teams may travel as far as Dallas, TX and Orlando, FL. If your athlete's team receives a bid to Summit or Worlds, they will continue practicing and compete at this event at the end of April (Worlds) or beginning of May (Summit).

This includes payments for Tuition, Team Fees, Couture Kit or anything else required. If the card is declined or removed for any reason and payment is not made, the athlete will not be able to participate in practice and could be replaced.

No refunds for any goods or services will be given. If an athlete quits or is released from our program and purchased items have not been distributed, the items will remain property of Designer Athletics.
